PROFESSIONAL SUMMARY

Skilled and detail-oriented software developer with 3+ years of experience building, maintaining, and deploying software products in a variety of settings. Possess a strong understanding of programming languages, frameworks, and tools, with a proven ability to deliver high-quality results under pressure. Seeking a challenging role where I can leverage my skills and experience to make a significant impact on a company's success.

WORK HISTORY

Software development intern | Lybertine - London 09/2023 - 12/2023

- Conducted comprehensive competitor analysis on 4 similar companies, presenting technical insights for strategic enhancement.
- Propelled Lybertine's app's evolution by outlining 80 features—categorised for immediate implementation, essentials, desirables, and future implementations.
- Enhanced user experience by rigorously testing, modelling, and refining Lybertine's web application's organiser flow, aligning it with contemporary trends.
- Infused research findings and UI insights contribute to data-driven decisions for Lybertine's continuous improvement.

Software developer (Contract/Project Based) | Ixnote Services Ltd

- Collaborated with team members to create software applications based on client requirements. 12/2020 - 12/2022
- Implemented code fixes and enhancements for inclusion in future releases and patches.
- Demonstrated strong problem-solving and analytical skills in resolving complex technical issues.
- Effectively communicated technical concepts to both technical and non-technical stakeholders.

Programmer / Graphic Designer | Nasco Nassat 05/2021 - 12/2022

- Facilitated educational growth for over 50 children through the implementation of an engaging online quiz web application within a 14-day timeframe.
- Collaborated in the development of an e-commerce and product inventory application aimed at expanding sales channels from traditional offline methods to online platforms.
- Facilitated learning over a period of 4 weeks by delivering comprehensive teaching to children aged 6–16, equipping them with foundational knowledge in web development encompassing HTML, CSS, JavaScript, and graphic design.

Mobile Developer | Skillseeds Limited 04/2020 - 05/2021

- Supported the entire application lifecycle of two successful Fintech mobile applications in 8 months while learning best practices and carefully following UI designs to improve the user experience.

- Quickly adapted to using specific workplace technologies and demonstrated a strong understanding of mobile development principles and practices.
- Effectively collaborated with cross-functional teams to deliver high-quality mobile applications on time and within budget.

Tutor (Volunteer) | UJ Hub

12/2019 - 03/2020

- Promoted academic success and enhanced learning experiences for IT students of varying capabilities while teaching them about the basics of mobile development and building cross-platform applications with React Native.
- Demonstrated a passion for teaching and a commitment to helping others succeed.
- Effectively communicated complex technical concepts to students in a clear and concise manner.

Intern | nHub Nigeria

08/2018 - 04/2019

- Learned about the basics of technologies and programming languages and used them to build real-world applications.
- Demonstrated a strong aptitude for learning new technologies and applying them to solve real-world problems.
- Effectively collaborated with experienced developers to learn and apply best practices.
